

Leidos Holdings, Inc. Reports First Quarter Fiscal Year 2017 Results

- **Revenues: \$2.58 billion**
- **Operating Income: \$141 million**
- **Diluted Earnings per Share from Continuing Operations: \$0.47**
- **Non-GAAP Diluted Earnings per Share from Continuing Operations: \$0.88**
- **Net Bookings: \$1.7 billion (book-to-bill ratio of 0.7)**

RESTON, Va., May 4, 2017 - Leidos Holdings, Inc. (NYSE: LDOS), a global science and technology solutions company, today reported financial results for the first quarter of fiscal year 2017.

Roger Krone, Leidos Chairman and Chief Executive Officer, commented: "The Company had a good start to the year with first quarter performance exceeding our expectations on revenue, margins and earnings per share. The diverse mix of our business, as well as our focus on execution of both customer programs and cost reduction initiatives, enabled these strong results, and reinforces our confidence in our previously issued full year guidance. We remain committed to focusing on growth, profitability, and cash generation to deliver value to our customers, employees and shareholders."

Summary Results

Revenues for the quarter were \$2.58 billion, compared to \$1.31 billion in the prior year quarter. The current quarter increase was primarily due to \$1.36 billion of revenue attributable to the Information Systems & Global Solutions business ("IS&GS Business") acquired from Lockheed Martin during the third quarter of fiscal year 2016, partially offset by the impact of the fiscal 2016 divestiture of our heavy construction business.

Operating income from continuing operations for the quarter was \$141 million, compared to \$89 million in the prior year quarter. Operating margin decreased to 5.5% from 6.8% in the prior year quarter, as the current quarter included \$69 million of amortization of intangible assets and \$13 million of restructuring charges related to the acquisition of the IS&GS Business, as well as \$19 million of acquisition and integration costs, compared to \$9 million in the prior year quarter. Excluding these items, non-GAAP operating margin increased to 9.4% from 7.5% in the prior year quarter, reflecting successful cost reduction actions, as well as strong program performance, across all of our businesses.

Diluted earnings per share ("EPS") attributable to Leidos common stockholders for the quarter was \$0.47, compared to \$0.72 in the prior year quarter. Excluding the items mentioned above, non-GAAP diluted EPS for the quarter was \$0.88, compared to \$0.77 in the prior year quarter. The weighted average diluted share count for the quarter was 153 million, up from 74 million in the prior year quarter due to the issuance of approximately 77 million shares of Leidos common stock to participating Lockheed Martin stockholders in connection with the acquisition of the IS&GS Business.

Defense Solutions

Defense Solutions revenues for the quarter of \$1,294 million increased by \$514 million, or 66%, compared to the prior year quarter. The revenue growth was primarily attributable to contracts acquired through the acquisition of the IS&GS Business and growth in airborne programs, partially offset by reduced scope and completion of certain contracts.

Defense Solutions operating income margin for the quarter was 6.1%, compared to 9.1% in the prior year quarter. On a non-GAAP basis, operating margin for the quarter was 7.3%, compared to 9.1% in the prior year quarter, primarily due to charges taken on a fixed price program.

Civil

Civil revenues for the quarter of \$842 million increased by \$481 million, or 133%, compared to the prior year quarter. The revenue increase is primarily attributable to contracts acquired through the acquisition of the IS&GS Business, partially offset by the divestiture of the heavy construction business in fiscal 2016 and a decrease in the commercial energy services business.

Civil operating income margin for the quarter was 6.4%, compared to 6.1% in the prior year quarter. On a non-GAAP basis, operating income margin for the quarter was 10.5%, compared to 6.4% in the prior year quarter, reflecting lower indirect costs and timing of security products.

Health

Health revenues for the quarter of \$443 million increased by \$272 million, or 159%, compared to the prior year quarter. The revenue increase is primarily attributable to contracts acquired through the acquisition of the IS&GS Business and growth in our federal health business, partially offset by lower revenues from our commercial health business.

Health operating income margin for the quarter was 10.6%, compared to 9.4% in the prior year quarter. On a non-GAAP basis, operating margin for the quarter was 14.9%, compared to 9.4% in the prior year quarter, reflecting lower indirect costs and strong performance on certain contracts.

Cash Flow Summary

Cash flows used in operating activities of continuing operations for the quarter were \$88 million compared to \$14 million in the prior year quarter. The higher operating net cash outflows were primarily due to the timing of billing and collections activities, as well as higher payments for restructuring, integration and interest expenses, partially offset by lower tax payments.

Cash flows used in investing activities of continuing operations for the quarter were \$5 million compared to \$1 million in the prior year quarter. The \$4 million difference was primarily due to increased payments for purchases of property, plant and equipment.

Cash flows used in financing activities of continuing operations for the quarter were \$77 million compared to \$31 million in the prior year quarter. The higher financing cash outflows were primarily due to increased dividend payments and repayments of long-term debt.

As of March 31, 2017, the Company had \$206 million in cash and cash equivalents and \$3.3 billion of debt.

New Business Awards

Net business bookings totaled \$1.7 billion in the quarter, representing a book-to-bill ratio of 0.7.

Notable recent awards received include:

- **U.S. Air Force:** Leidos was awarded a combined IDIQ contract to provide total lifecycle support of cryptographic and information assurance related products for the U.S. Air Force. Contracted activities will include materiel solutions analysis, technology maturation and risk reduction, engineering and manufacturing development, production, and product support. Leidos is one of seven contractors selected for the contract with a ceiling value of \$875 million.

- **Department of Homeland Security:** Leidos was also awarded a single-award IDIQ by the Department of Homeland Security with a total contract value of \$395 million, including a one-year base period of performance and six one-year options. Through this award, Leidos will provide comprehensive cybersecurity and threat mitigation services to operate the NextGen Security Operations Center.
- **U.S. Department of Veterans Affairs:** Leidos was awarded a task order by the U.S. Department of Veterans Affairs under the Transformation Twenty-One Total Technology Next Generation (T4NG) contract vehicle. The task order was awarded to Systems Made Simple, a Leidos Innovations Corporation company. The single-award firm fixed-price task order has a one-year base period of performance, two one-year options, and a total contract value of \$29 million if all options are exercised.
- **Intelligence Community:** The Company was awarded contracts valued at \$683 million, if all options are exercised, by U.S. national security and intelligence clients. Though the specific nature of these contracts is classified, they all encompass mission-critical services that help to counter global threats and strengthen national security.

The Company's backlog of signed business orders at the end of the quarter was \$16.9 billion, of which \$4.9 billion was funded.

Forward Guidance

The Company affirms previously issued fiscal year 2017 guidance, which is based on a 12-month period from December 31, 2016, to December 29, 2017, as follows:

- Revenues of \$10.0 billion to \$10.4 billion;
- Adjusted EBITDA margins of 9.5% to 10.0%;
- Non-GAAP diluted earnings per share from continuing operations of \$3.05 to \$3.35; and
- Cash flows provided by operating activities from continuing operations at or above \$475 million.

Fiscal year 2017 guidance excludes the impact of any future acquisitions, divestitures and other non-ordinary course items.

Non-GAAP diluted earnings per share excludes amortization of acquired intangible assets, impairment charges, restructuring expenses, acquisition and integration related costs, gains and losses on disposal of assets and businesses and adjustments to the income tax provision to reflect non-GAAP exclusions. See Leidos' non-GAAP financial measures and the related reconciliation included elsewhere in this release.

UNAUDITED SEGMENT OPERATING RESULTS
(in millions)

During the quarter ended March 31, 2017, the Company completed its business reorganization, which resulted in identification of new reportable segments. The Company commenced operating and reporting under the new organizational structure effective the beginning of fiscal 2017. As a result of this change, prior year segment results and disclosures have been recast to reflect the new reportable segments.

The segment information for the periods presented was as follows:

UNAUDITED BACKLOG BY REPORTABLE SEGMENT
(in millions)

Backlog represents the estimated amount of future revenues to be recognized under negotiated contracts as work is performed. Backlog estimates are subject to change and may be affected by factors including modifications of contracts and foreign currency movements.

Funded backlog for contracts with the U.S. Government represents the value on contracts for which funding is appropriated less revenues previously recognized on these contracts. Funded backlog for contracts with non-U.S. Government agencies and commercial customers represents the estimated value on contracts, which may cover multiple future years, under which Leidos is obligated to perform, less revenue previously recognized on the contracts.

Negotiated unfunded backlog represents estimated amounts of revenue to be earned in the future from (1) contracts for which funding has not been appropriated and (2) unexercised priced contract options. Negotiated unfunded backlog does not include future potential task orders expected to be awarded under indefinite delivery/indefinite quantity, General Services Administration Schedule or other master agreement contract vehicles.

The estimated value of backlog as of the dates presented was as follows:

	March 31, 2017	December 30, 2016
Defense Solutions:		
Funded backlog	\$ 2,572	\$ 3,171
Negotiated unfunded backlog	<u>5,005</u>	<u>4,936</u>
Total Defense Solutions backlog	<u>\$ 7,577</u>	<u>\$ 8,107</u>
Civil:		
Funded backlog	\$ 1,596	\$ 1,950
Negotiated unfunded backlog	<u>5,466</u>	<u>5,250</u>
Total Civil backlog	<u>\$ 7,062</u>	<u>\$ 7,200</u>
Health:		
Funded backlog	\$ 684	\$ 854
Negotiated unfunded backlog	<u>1,566</u>	<u>1,575</u>
Total Health backlog	<u>\$ 2,250</u>	<u>\$ 2,429</u>
Total:		
Funded backlog	\$ 4,852	\$ 5,975
Negotiated unfunded backlog	<u>12,037</u>	<u>11,761</u>
Total backlog	<u>\$ 16,889</u>	<u>\$ 17,736</u>

Total backlog at March 31, 2017 included \$34 million of benefit due to the quarterly impact of foreign currency movement between the U.S. dollar and the British pound.

LEIDOS HOLDINGS, INC.
UNAUDITED NON-GAAP FINANCIAL MEASURES
(in millions, except per share amounts)

The Company uses and refers to non-GAAP operating income, adjusted EBITDA, non-GAAP income from continuing operations and non-GAAP EPS from continuing operations, which are not measures of financial performance under generally accepted accounting principles in the U.S. ("GAAP") and, accordingly, these measures should not be considered in isolation or as a substitute for the comparable GAAP measures and should be read in conjunction with the Company's consolidated financial statements prepared in accordance with GAAP.

Management believes that these non-GAAP measures provide another measure of the Company's results of operations and financial condition, including its ability to comply with financial covenants. These non-GAAP measures are frequently used by financial analysts covering Leidos and its peers. The Company's computation of its non-GAAP measures may not be comparable to similarly titled measures reported by other companies, thus limiting their use for comparability.

Non-GAAP operating income is computed by excluding the following items from income from continuing operations: (i) other income, net; (ii) interest expense; (iii) interest income; (iv) income tax expense adjusted to reflect non-GAAP adjustments; and (v) the following discrete items:

- Acquisition and integration costs - Represents costs related to the acquisition and integration of the IS&GS Business.
- Amortization of acquired intangible assets - Represents the amortization expense associated with acquired intangible assets.
- Restructuring expenses - Represents costs associated with lease termination and severance related to the Company's acquisition of the IS&GS Business and the September 2013 spin-off of its former technical services.
- Gains and losses on disposal of assets and businesses - Represents the gains or losses on certain sales of real estate and businesses.
- Asset impairment charges - Represents impairments of long-lived intangible and tangible assets.

Non-GAAP income from continuing operations is computed by excluding the discrete items as identified above from income from continuing operations and adjusting income tax expense for the effect of such exclusions.

Non-GAAP operating margin is computed by dividing non-GAAP operating income by revenue.

Adjusted EBITDA is computed by excluding the following items from income from continuing operations, before income taxes: (i) discrete items as identified above; (ii) interest expense; (iii) interest income; and (iv) depreciation expense.

Adjusted EBITDA margin is computed by dividing adjusted EBITDA by revenue.
