Forward-Looking Statements

Certain statements in this release contain or are based on "forward-looking" information within the meaning of the Private Securities Litigation Reform Act of 1995. In some cases, you can identify forward-looking statements by words such as "expects," "intends," "plans," "anticipates," "believes," "estimates," "guidance" and similar words or phrases. Forward-looking statements in this release include, among others, estimates of future revenues, EBITDA margins (including on a non-GAAP basis), operating income, earnings, earnings per share (including on a non-GAAP basis), charges, backlog, bookings, contract values, outstanding shares and cash flows, as well as statements about future dividends, share repurchases, acquisitions and dispositions. These statements reflect our belief and assumptions as to future events that may not prove to be accurate.

Actual performance and results may differ materially from the guidance and other forward-looking statements made in this release depending on a variety of factors, including: changes to our reputation and relationships with government agencies, developments in the U.S. Government defense budget, including budget reductions, implementation of spending cuts (sequestration) or changes in budgetary priorities; delays in the U.S. Government budget process; delays in the U.S. Government contract procurement process or the award of contracts; delays or loss of contracts as a result of competitor protests; changes in U.S. Government procurement rules, regulations and practices; changes in interest rates and other market factors out of our control; our compliance with various U.S. Government and other government procurement rules and regulations; governmental reviews, audits and investigations of our Company; our ability to effectively compete for and win contracts with the U.S. Government and other customers; our ability to attract, train and retain skilled employees, including our management team, and to obtain security clearances for our employees; the mix of our contracts and our ability to accurately estimate costs associated with our firm-fixedprice and other contracts; our ability to realize as revenues the full amount of our backlog; cybersecurity, data security or other security threats, systems failures or other disruptions of our business; resolution of legal and other disputes with our customers and others or legal or regulatory compliance issues; our ability to effectively acquire businesses and make investments; our ability to maintain relationships with prime contractors, subcontractors and joint venture partners; our ability to manage performance and other risks related to customer contracts, including complex engineering projects; the failure of our inspection or detection systems to detect threats; the adequacy of our insurance programs designed to protect us from significant product or other liability claims; our ability to manage risks associated with our international business; our ability to declare future dividends based on our earnings, financial condition, capital requirements and other factors, including compliance with applicable laws and contractual agreements; and our ability to execute our business plan and long-term management initiatives effectively and to overcome these and other known and unknown risks that we face. These are only some of the factors that may affect the forwardlooking statements contained in this release. For further information concerning risks and uncertainties associated with our business, please refer to the filings we make from time to time with the U.S. Securities and Exchange Commission ("SEC"), including the "Risk Factors," "Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Legal Proceedings" sections of our latest Annual report on Form 10-K and guarterly reports on Form 10-Q, all of which may be viewed or obtained through the Investor Relations section of our website at www.leidos.com.

All information in this release is as of October 25, 2018. The Company expressly disclaims any duty to update the guidance or any other forward-looking statement provided in this release to reflect subsequent events, actual results or changes in the Company's expectations. The Company also disclaims any duty to comment upon or correct information that may be contained in reports published by investment analysts or others.

(2) Assumes 2018 Non-GAAP Effective Tax Rate in the range of 23% to 24%. See appendix for definition & reconciliation of Non-GAAP Financial Measures.

(3) Operating Cash Flow includes \$60M impact of transaction & integration costs related to the IS&GS acquisition.

Appendix

Non-GAAP Financial Measures

This presentation includes certain non-GAAP financial measures, such as non-GAAP operating income, non-GAAP operating income margin, non-GAAP diluted earnings per share (EPS), adjusted earnings before interest, taxes, depreciation and amortization (EBITDA), free cash flow, non-GAAP effective tax rate and adjusted EBITDA margin.

These are not measures of financial performance under generally accepted accounting principles in the U.S. ("GAAP") and, accordingly, these measures should not be considered in isolation or as a substitute for the comparable GAAP measures and should be read in conjunction with the Company's consolidated financial statements prepared in accordance with GAAP.

Management believes that these non-GAAP measures provide another measure of the Company's results of operations and financial condition, including its ability to comply with financial covenants. These non-GAAP measures are frequently used by financial analysts covering Leidos and its peers. The Company's computation of its non-GAAP measures may not be comparable to similarly titled measures reported by other companies, thus limiting their use for comparability.

Definition of Non-GAAP Financial Measures

Non-GAAP operating income is computed by excluding the following items from net income: (i) non-operating expense, net; (ii) adjustments to the income tax provision to reflect non-GAAP adjustments; and (iii) the following discrete items:

- Integration and restructuring costs Represents integration, lease termination and severance costs related to the Company's acquisitions.
- > Amortization of acquired intangible assets Represents the amortization of the fair value of the acquired intangible assets.
- Amortization of equity method investments Represents the amortization of the fair value of acquired equity method investments.
- Loss on sale of assets Represents the losses on certain sales of real estate.
- > Asset impairment charges Represents impairments of long-lived tangible assets.
- > Tax adjustments on assets held for sale Represents certain tax benefits related to the anticipated sale of the Company's commercial cybersecurity business.
- Other tax adjustments Primarily represents the tax impact of the prior year promissory note impairment and revised cumulative impact of the federal government enacted Tax Cuts and Jobs Act.

Non-GAAP operating margin is computed by dividing non-GAAP operating income by revenue.

Non-GAAP EPS is computed by dividing net income, adjusted for the discrete items as identified above and the related tax impacts, by the diluted weighted average number of common shares outstanding.

Adjusted EBITDA is computed by excluding the following items from income before income taxes: (i) discrete items as identified above; (ii) interest expense; (iii) interest income; and (iv) depreciation expense.

Adjusted EBITDA margin is computed by dividing adjusted EBITDA by revenue.
