

Leidos and Rusada Team Up to Deliver Aviation MRO and Flight Operations Software

February 12, 2020

RESTON, Va., Feb. 12, 2020 /PRNewswire/ -- [Leidos](#) (NYSE: LDOS), a FORTUNE® 500 science and technology leader, today announced a partnership agreement with Rusada to become a systems integrator for [ENVISION](#), Rusada's Aviation Maintenance Repair and Overhaul (MRO) and Flight Operations software.

ENVISION is used by aircraft operators, MRO providers and manufacturers to efficiently manage their maintenance and airworthiness activities. The web-based software utilizes the most up-to-date technologies to empower aviation decision-makers, providing them with helpful and informative data that adds value to their organization.

Under the agreement, Rusada will continue to be the software product developer. Leidos' Airborne Solutions Operation (ASO) will serve as the systems integrator providing services to install, configure, operate and apply the software for customer's aviation business.

"As a premier provider of airborne solutions, Leidos is committed to keeping its customers abreast of best-of-breed technology enhancements," said Kevin Lansdowne, senior vice president of Leidos Airborne Solutions. "This agreement will leverage both companies' expertise to deliver next generation software for airlines and aircraft operators across the globe."

"This partnership is the natural conclusion of the great work we have already done together," said Julian Stourton CEO of Rusada. "Both companies strive to deliver the highest quality services in our respective fields and together we present an unparalleled offering to aviation companies across the globe."

About Rusada

Rusada is a global aviation software provider established in 1987 and headquartered in Switzerland. With operations in the Middle East, Asia, Europe and the Americas, Rusada supports 100+ major customers worldwide with software that manages 2,000 aircraft in over 40 countries.
