

Leidos selected to provide continued mission-critical IT support for the U.S. Army Corps of Engineers

May 17, 2018

Company awarded \$239.5 million to support 37,000 customers world-wide

RESTON, Va., May 17, 2018 /PRNewswire/ -- [Leidos](#) (NYSE: LDOS), a global science and technology leader, was awarded a task order by the U.S. Army Corps of Engineers (USACE) Engineering and Support Center, Huntsville, Ala., to provide information technology support services to more than 37,000 USACE customers around the world. The single-award, firm-fixed-price task order has a one-year base period of performance and two option years with a total contract value of approximately \$239.5 million if all options are exercised. Work will be performed nationwide.

USACE provides vital engineering services for U.S. citizens around the world, with the mission to strengthen the nation's security by building and maintaining infrastructure and military facilities where service members train, work and live. The task order, placed under the U.S. General Services Administration's Alliant Government-wide Acquisition Contract, is part of the USACE Information Technology Enterprise Services – Next Generation program. Leidos will partner with both large and small companies to ensure the right technology and mix of technical experts are available to perform agile and responsive IT support services at all times.

"For over 33 years, we've partnered with the Army Corps of Engineers to deliver innovative solutions that support their critical missions," said Senior Vice President Liz Porter, Leidos Federal Energy Environment Operations Group Manager. "We will continue to institute a culture focused around preparation, communication and quick identification and elevation of issues to provide USACE with reliable and secure IT services."

Leidos has previously partnered with the Corps to provide project management, engineering, environmental, and construction services across its 13 districts, Europe, and Asia. The company currently holds prime contracts with more than half of USACE districts – Louisville, Ky.; St. Louis; Baltimore; Kansas City, Mo.; Fort Worth, Texas; Mobile, Ala.; and Huntsville, Ala.

About Leidos
