

## SAIC Shares Climate Change and Emissions Expertise at Air & Waste Management Conference

June 24, 2013

(McLean, Va.) June 24, 2013— Environmental experts from Science Applications International Corporation (SAIC) [NYSE: SAI] will participate in the Air & Waste Management Association's (A&WMA) 2013 Annual Conference, held June 25-28 at the Hyatt Regency Chicago in Chicago, Ill.

The 2013 A&WMA Conference will bring together environmental industry professionals for technical programs, including more than 500 presentations, hundreds of exhibitors, and networking events. This year's conference and exhibition will present the latest scientific information about environmental regulatory programs, research, and technology and applications to solve environmental management challenges. SAIC delivers end-to-end solutions that are right for today and years down the line, and at the A&WMA event, SAIC will showcase its extensive experience in areas such as combustion regulations, emission inventories, and other environmental issues. The following SAIC experts are involved in the event program:
