

SAIC Awarded Contract by U.S. Space and Naval Warfare Systems Center Atlantic

June 10, 2013

Company to Provide Non-Inherently Governmental Services and Solutions to the Business and Force Support (BFS) Portfolio

MCLEAN, Va., June 10, 2013 /PRNewswire/ -- Science Applications International Corporation (SAIC) (NYSE: SAI) announced today it was awarded a prime contract by the U.S. Space and Naval Warfare Systems Center Atlantic (SSC Atlantic) to provide non-inherently governmental services and solutions to the Business and Force Support (BFS) Portfolio. The multiple-award, indefinite-delivery/indefinite-quantity contract has a 12-month base period of performance, four one-year options, and a total contract value of approximately \$900 million for all awardees, if all options are exercised. Work will be performed primarily in Charleston, S.C.

SSC Atlantic supports solutions to meet the nation's demands for uninterrupted vigilance, fail-safe cybersecurity, adaptive response and engineering excellence by delivering secure, integrated and innovative solutions to many naval, joint and national agencies.

Under the contract, SAIC will provide full-system, life-cycle support, including equipment and services; research, development, test, evaluation, production and fielding of sustainable, secure, survivable, and interoperable command, control, communications, computers, combat systems, intelligence, surveillance, and reconnaissance information operations; and enterprise information services and space capabilities. SAIC is one of 15 awardees that will compete for task orders under the contract.

"We are excited to offer a full suite of services that enable SSC Atlantic to fully execute its mission-essential business operations to meet the needs of the U.S. Navy, U.S. Department of Defense and other federal agencies," said Tom Watson, SAIC customer group senior vice president. "SAIC is a leader in network and data engineering, C4I, and help desk and integration support, and we look forward to continuing our strong relationship with SSC Atlantic."

About SAIC

SAIC is a FORTUNE 500® scientific, engineering, and technology applications company that uses its deep domain knowledge to solve problems of vital importance to the nation and the world, in national security, energy and the environment, critical infrastructure, and health. The Company's approximately 38,000 employees serve customers in the U.S. Department of Defense, the intelligence community, the U.S. Department of Homeland Security, other U.S. Government civil agencies and selected commercial markets. Headquartered in McLean, Va., SAIC had annual revenues of approximately \$11.2 billion for its fiscal year ended January 31, 2013. For more information, visit www.SAIC.com.
