

SAIC Awarded \$78 Million Contract by the Centers for Medicare & Medicaid Services

February 27, 2012

Company to Provide Enterprise Remote Identity Proofing (ERIP) and Multi-Factor Authentication Credential Services

MCLEAN, Va., Feb. 27, 2012 /PRNewswire via COMTEX/ --Science Applications International Corporation (SAIC) [NYSE: SAI] was awarded a prime contract by the Centers for Medicare & Medicaid Services (CMS) to provide Enterprise Remote Identity Proofing (ERIP) and Multi-Factor Authentication (MFA) Credential Services to support CMS in providing this Enterprise Service. The contract has a one year base period of performance, four one-year options and a total value of \$78 million, if all options are exercised.

The SAIC team will develop an efficient infrastructure for solving key challenges that arise in identity proofing and authentication requirements of the CMS programs. The solution integrates the latest in identity proofing and credential provisioning (in compliance with NIST 800-63-1 Level 2 and Level 3 assurance), minimizing the risk of fraud while leveraging a secure cloud services model, and enabling access to CMS systems using multiple devices including secure mobile access technologies.

"We look forward to supporting CMS' important mission by delivering an integrated ERIP and MFA cloud services solution that enables trusted access and online transactions in compliance with federal standards," said Charles Beard, SAIC chief information officer and business unit general manager. "Our team of cybersecurity and health information technology experts, as well as global leaders in verification technologies and fraud protection, will provide an innovative solution to this important customer." **About SAIC**
