

SAIC Awarded \$2.5 Billion Task Order by the U.S. Department of State

February 15, 2011

Company to Serve as Lead Systems Integrator Supporting Bureau of Information Resource Management Information Technology (IT) Initiatives

MCLEAN, Va., Feb 15, 2011 /PRNewswire via COMTEX/ --

Science Applications International Corporation (SAIC) (NYSE: SAI) announced today that it was awarded the Vanguard 2, Task Order 2.2.1 by the U.S. Department of State to engineer, design, secure, operate and maintain its critical enterprise-wide IT network infrastructure in support of the Bureau of Information Resource Management (IRM). The single award task order has a one-year base period of performance, nine one-year options and a total value of \$2.5 billion, if all options are exercised. The task order was awarded under the General Services Administration's Alliant government-wide acquisition contract.

The IRM Bureau provides IT infrastructure, systems and services in support of the Department's foreign policy missions. Under the task order SAIC will serve as the lead systems integrator and business partner for all Vanguard II program components and will assist in streamlining services, realizing economies of scale and providing improved service delivery. Among the key areas that SAIC will provide support are program management, operations of servers, network devices, anti-virus engineering, biometric authentication, encryption, monitoring tools, telephony, mobile computing platform, virtual environment, and enclave security design.

"We look forward to providing integrated IT services transparently to this important customer while promoting technology infusion and furthering the goal of a single integrated Foreign Affairs Network to serve diplomatic missions at home and abroad," said Deb Alderson, SAIC group president.

About SAIC

SAIC is a FORTUNE 500(R) scientific, engineering, and technology applications company that uses its deep domain knowledge to solve problems of vital importance to the nation and the world, in national security, energy and the environment, critical infrastructure, and health. The company's approximately 43,000 employees serve customers in the U.S. Department of Defense, the intelligence community, the U.S. Department of Homeland Security, other U.S. Government civil agencies and selected commercial markets. Headquartered in McLean, Va., SAIC had annual revenues of \$10.8 billion for its fiscal year ended January 31, 2010. For more information, visit <http://www.saic.com/>.
