

U.S. Army Biometrics Task Force Awards Contract to SAIC

January 20, 2009

SAN DIEGO and MCLEAN, Va., Jan 20, 2009 /PRNewswire-FirstCall via COMTEX News Network/ -- Company to Support the Biometrics Operations and Support Services Unrestricted (BOSS-U) Program

Science Applications International Corporation (NYSE: SAI) today announced it has been awarded a contract by the Army's Biometrics Task Force (BTF) to provide biometrics support services in support of the Biometrics Operations and Support Services Unrestricted (BOSS-U) program. The multiple award, indefinite delivery/indefinite quantity contract has a three year base period of performance, two one-year options and a total contract ceiling of \$497 million for all awardees.

The BTF leads Department of Defense activities to program, integrate, and synchronize biometric technologies and capabilities and to operate and maintain DoD's authoritative biometric database to support the National Security Strategy. The BOSS-U program enables BTF businesses and program units to accomplish mission objectives by tasking SAIC and other contractors to provide services as required in areas including management support, infrastructure procurement design; development and integration; operations and maintenance; advanced technology demonstration; studies and analysis; and test and evaluation.

"We are pleased to support the BTF as they work to protect the nation through the employment of identity management capabilities," said John Thomas, SAIC senior vice president and business unit general manager.
