

Department of Homeland Security Awards \$14 Million Responder Knowledge Base Services Contract to SAIC

September 18, 2008

Company to Maintain and Enhance Online Information Source for Emergency Responder Community

SAN DIEGO and MCLEAN, Va., Sept 18, 2008 /PRNewswire-FirstCall via COMTEX News Network/ -- Science Applications International Corporation (NYSE: SAI) today announced it has been awarded a task order from the Department of Homeland Security (DHS) to provide Responder Knowledge Base (RKB) Services. This task order has a one year base period of performance, four one-year options and a total contract value of more than \$14 million if all options are exercised. Work will be performed primarily in Abington, Md. The task order was awarded under the DHS Enterprise Acquisition Gateway for Leading Edge Solutions (EAGLE) contract.

The RKB is a web-based information service for the emergency responder community funded by DHS. RKB currently has 62,000 registered users and operates as a public service, with no cost to users and no cost to information contributors such as product manufacturers. Thousands of jurisdictions, departments and State Administrative Agencies use the RKB to obtain grant guidance and unbiased product information. Under the task order, SAIC will host, maintain, and help enhance the RKB Web site. SAIC will also provide expertise to the responder community via the 'Ask the Expert' feature of the Web site, and provide updated content weekly.

"We are pleased to help DHS provide emergency responders, purchasers, and planners with a trusted, integrated, on-line source of information," said John Ferriter, SAIC senior vice president and business unit general manager.
