Explanation of Responses:

- Represents shares of common stock withheld by the issuer in connection with the option exercise to cover the exercise price and associated fees.
- This stock option was previously reported as a stock option grant for 7,777 shares of common stock at an exercise price of \$42.79 per share. The number of options and the exercise price were subsequently adjusted to reflect a special dividend declared by the issuer in August 2016.
- Due to an administrative error, this stock option award was over-reported by 15 options on the reporting person's Form 4 filed with the SEC on May 10, 2022. The total number of stock options acquired after the reported transaction is accurately reflected in the table above.
