NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Note 1—Basis of Presentation and Summary of Significant Accounting Policies

Nature of Operations and Basis of Presentation

Leidos Holdings, Inc. ("Leidos"), a Delaware corporation, is a holding company whose direct 100%-owned subsidiary and principal operating company is Leidos, Inc. Leidos is a FORTUNE 500® technology, engineering, and science company that provides services and solutions in the defense, intelligence, civil and health markets, both domestically and internationally. Leidos' customers include the U.S. Department of Defense ("DoD"), the U.S. Intelligence Community, the U.S. Department of Homeland Security, the Federal Aviation Administration, the Department of Veterans Affairs and many other U.S. civilian, state and local government agencies, foreign government agencies and commercial businesses. Unless indicated otherwise, references to "we," "us" and "our" refer collectively to Leidos Holdings, Inc. and its consolidated subsidiaries. We operate in three reportable segments: Defense Solutions, Civil and Health. Additionally, we separately present the unallocable costs associated with corporate functions as Corporate.

We have a controlling interest in Mission Support Alliance, LLC ("MSA"), a joint venture with Centerra Group, LLC. We also have a controlling interest in Hanford Mission Integration Solutions, LLC ("HMIS"), the legal entity for the follow-on contract to MSA's contract and a joint venture with Centerra Group, LLC and Parsons Government Services, Inc. The financial results for MSA and HMIS are consolidated into our unaudited condensed consolidated financial statements. The unaudited condensed consolidated financial statements also include the balances of all voting interest entities in which Leidos has a controlling voting interest ("subsidiaries") and a variable interest entity ("VIE") in which Leidos is the primary beneficiary. The consolidated balances of the VIE are not material to the unaudited condensed consolidated financial statements for the periods presented. Intercompany accounts and transactions between consolidated companies have been eliminated in consolidation.

The accompanying unaudited condensed financial information has been prepared in accordance with the rules of the U.S. Securities and Exchange Commission and accounting principles generally accepted in the United States of America ("GAAP"). Certain disclosures normally included in financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to such rules. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingencies at the date of the financial statements, as well as the reported amounts of revenues and expenses during the reporting periods. Management evaluates these estimates and assumptions on an ongoing basis, including those relating to estimated profitability of long-term contracts, indirect billing rates, allowances for doubtful accounts, inventories, right-of-use assets and lease liabilities, fair value and impairment of intangible assets and goodwill, income taxes, stock-based compensation expense and contingencies. These estimates have been prepared by management on the basis of the most current and best available information; however, actual results could differ materially from those estimates.

Certain amounts in the prior year financial statements have been reclassified to conform to the current year presentation. We have certain entities where the functional currency is not the U.S. dollar and have separately presented the effect of exchange rate changes on cash, cash equivalents and restricted cash held in foreign currencies as a separate line in the condensed consolidated statements of cash flows. Prior year financial information has been reclassified to conform to our current presentation. For fiscal 2022, the effect of foreign exchange rate changes was not material to the condensed consolidated statements of cash flows.

In the opinion of management, the accompanying unaudited condensed consolidated financial statements reflect all adjustments, which consist of normal recurring adjustments, necessary for a fair presentation thereof. The results reported in these unaudited condensed consolidated financial statements are not necessarily indicative of the results that may be expected for the entire year. These unaudited condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Annual Report on Form 10-K filed on February 14, 2023.

Accounting Standards Updates Issued But Not Yet Adopted

ASU 2020-04, ASU 2021-01 and ASU 2022-06, Reference Rate Reform (Topic 848)

In March 2020, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2020-04, which provides companies with optional expedients and exceptions to ease the potential accounting burden associated with transitioning away from reference rates that are expected to be discontinued. This update provides optional expedients for applying accounting guidance to contracts, hedging relationships and other transactions that reference the London Interbank Offered Rate ("LIBOR") or another reference rate expected to be discontinued because of the reference rate reform. The amendments in this update are effective for all entities as of March 2020 and can be adopted using a prospective approach no later than December 31, 2022.

In January 2021, the FASB issued ASU 2021-01 which amends the scope of ASU 2020-04. The amendments in this update are elective and provide optional relief for entities with hedge accounting and contract modifications affected by the transition from LIBOR through December 31, 2022. In December 2022, the FASB issued ASU 2022-06 which extends the deadline for application of ASU 2021-01 through December 31, 2024. Under this relief, entities may continue to account for contract modifications as a continuation of the existing contract and the continuation of the hedge accounting arrangement. As of March 31, 2023, our term loans are based on a Secured Overnight Financing Rate ("SOFR") rate (see "Note 6—Debt"). The interest rate swap agreements, which currently reference LIBOR, are expected to be modified to reference SOFR in fiscal 2023. In accordance with ASC 848, we have elected the practical expedient to continue to apply hedge accounting without dedesignating the LIBOR denominated interest rate swap and the practical expedient to qualitatively assess the effectiveness of the hedge during the transition period. We do not expect the standard to have a material impact on our consolidated financial statements once fully adopted.

Changes in Estimates on Contracts

Changes in estimates related to contracts accounted for using the cost-to-cost method of accounting are recognized in the period in which such changes are made for the inception-to-date effect of the changes, with the exception of contracts acquired through a business combination, where the adjustment is made for the period commencing from the date of acquisition.

Changes in estimates on contracts were as follows:

	Three Months Ended	
	March 31, 2023	April 1, 2022
	(in millions, except per share amounts)	
Favorable impact	\$ 22	\$ 41
Unfavorable impact	(16)	(26)
Net impact to income before income taxes	\$ 6	\$ 15
Impact on diluted EPS attributable to Leidos common stockholders	\$ 0.03	\$ 0.08

The impact on diluted earnings per share ("EPS") attributable to Leidos common stockholders is calculated using the statutory tax rate.

Revenue Recognized from Prior Obligations

Revenue recognized from performance obligations satisfied in previous periods was \$5 million and \$14 million for the three months ended March 31, 2023, and April 1, 2022, respectively. The changes primarily related to revisions of variable consideration including award and incentive fees, and revisions to estimates at completion resulting from changes in contract scope, mitigation of contract risks or true-ups of contract estimates at the end of contract performance.

Cash and Cash Equivalents

Our cash equivalents are primarily comprised of investments in several large institutional money market accounts, with original maturity of three months or less. At March 31, 2023, and December 30, 2022, \$157 million and \$158 million, respectively, of outstanding payments were included within "Cash and cash equivalents" and "Accounts payable and accrued liabilities" correspondingly on the condensed consolidated balance sheets.

LEIDOS HOLDINGS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Restricted Cash

We have restricted cash balances, primarily representing advances from customers that are restricted for use on certain expenditures related to that customer's contract. Restricted cash balances are included as "Other current assets" in the condensed consolidated balance sheets. Our restricted cash balances were \$112 million and \$167 million at March 31, 2023, and December 30, 2022, respectively.

Note 2—Revenues**Remaining Performance Obligations**

Remaining performance obligations ("RPO") represent the expected value of exercised contracts, both funded and unfunded, less revenue recognized to date. RPO does not include unexercised option periods and future potential task orders expected to be awarded under indefinite delivery/indefinite quantity ("IDIQ") contracts, General Services Administration Schedule or other master agreement contract vehicles, with the exception of certain IDIQ contracts where task orders are not competitively awarded and separately priced but instead are used as a funding mechanism, and where there is a basis for estimating future revenues and funding on future anticipated task orders.

As of March 31, 2023, we had \$14.5 billion of RPO and expect to recognize approximately 59% and 76% over the next 12 months and 24 months, respectively, with the remainder to be recognized thereafter.

Disaggregation of Revenues

We disaggregate revenues by customer-type, contract-type and geographic location for each of our reportable segments.

Disaggregated revenues by customer-type were as follows:

International	238	39	—	277
Total	<u>\$ 2,048</u>	<u>\$ 780</u>	<u>\$ 650</u>	<u>\$ 3,478</u>

Revenues by customer-type, contract-type and geographic location exclude lease income of \$20 million and \$16 million for the three months ended March 31, 2023 and April 1, 2022, respectively.

Contract Assets and Liabilities

Performance obligations are satisfied either over time as work progresses or at a point in time. Firm-fixed-price contracts are typically billed to the customer using milestone payments while cost-reimbursable and time and materials contracts are typically billed to the customer on a monthly or bi-weekly basis as indicated by the negotiated billing terms and conditions of the contract. As a result, the timing of revenue recognition, customer billings and cash collections for each contract results in a net contract asset or liability at the end of each reporting period.

Contract assets consist of unbilled receivables, which is the amount of revenue recognized that exceeds the amount billed to the customer, where right to payment is not solely subject to the passage of time. Unbilled receivables exclude amounts billable where the right to consideration is unconditional. Contract liabilities consist of deferred revenue, which represents cash advances received prior to performance for programs and billings in excess of revenue recognized.

LEIDOS HOLDINGS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

The components of contract assets and contract liabilities consisted of the following:

Balance sheet line item	March 31, 2023	December 30, 2022
	(in millions)	
Contract assets - current:		
Unbilled receivables	\$ 997	\$ 1,010
Contract liabilities - current:		
Deferred revenue ⁽¹⁾	\$ 352	\$ 380
Contract liabilities - non-current:		
Deferred revenue ⁽¹⁾	\$ 28	\$ 29

⁽¹⁾ Certain contracts record revenue net of cost of revenues, and therefore, the respective deferred revenue balance will not fully convert to revenue.

Revenue recognized for the three months ended March 31, 2023, of \$155 million was included as a contract liability at December 30, 2022. Revenue recognized for the three months ended April 1, 2022, of \$188 million was included as a contract liability at December 31, 2021.

Note 3—Acquisitions, Divestitures, Goodwill and Intangible Assets

Business Acquisition

On October 30, 2022 (the "Agreement Date"), we completed the acquisition of Cobham Special Mission for a preliminary purchase consideration of \$296 million Australian dollars, net of \$10 million of Australian dollars acquired, approximately \$190 million United States dollars, net of \$6 million of cash acquired, which is subject to working capital adjustments. Cobham Special Mission provides airborne border surveillance and search and rescue services to the Australian Federal Government.

The preliminary goodwill recognized of \$24 million represents intellectual capital and the acquired assembled workforce, neither of which qualify for recognition as a separate intangible asset. None of the goodwill recognized is tax deductible.

In connection with this acquisition, we acquired preliminary fair value of property, plant and equipment of \$148 million at the Agreement Date. The following table summarizes the preliminary fair value of intangible assets acquired at the Agreement Date and the related weighted average amortization period:

	Weighted average amortization period (in years)	Fair value (in millions)
Programs	11	\$ 19
Technology	10	5
Total	11	\$ 24

As of March 31, 2023, we had not finalized the determination of fair values allocated to assets and liabilities, including, but not limited to, property, plant and equipment, intangible assets, accounts receivables, accounts payable and accrued liabilities and other long-term liabilities.

For the three months ended March 31, 2023, \$30 million of revenues related to the Cobham Special Mission acquisition were recognized within the Defense Solutions reportable segment.

⁽¹⁾ Adjustment to goodwill resulting from a measurement period purchase accounting adjustment.

We evaluate qualitative factors that could cause us to believe the estimated fair value of each of our reporting units may be lower than the carrying value and trigger a quantitative assessment, including, but not limited to (i) macroeconomic conditions, (ii) industry and market considerations, (iii) our overall financial performance, including an analysis of our current and projected cash flows, revenues and earnings, (iv) a sustained decrease in share price and (v) other relevant entity-specific events including changes in management, strategy, partners or litigation.

As previously disclosed in our Annual Report on Form 10-K for the year ended December 30, 2022, the quantitative analysis for the Security Enterprise Solutions reporting unit showed that the fair value exceeded the carrying value by approximately 13% as of the most recent assessment date. Operations of the reporting unit rely heavily on the sales and servicing of security and detection products, which have been negatively impacted by COVID-19. The forecasts utilized to estimate the fair value of the Security Enterprise Solutions reporting unit assume continued global operations in all of our existing markets and a gradual improvement in the global aviation security product and related service sales, reaching pre-COVID-19 levels by fiscal 2025. In the event that there are significant unfavorable changes to forecasted cash flows of the reporting unit (including if the impact of COVID-19 on passenger travel levels is more prolonged or severe than what is incorporated into our forecast), terminal growth rates or the cost of capital used in the fair value estimates, we may be required to record a material impairment of goodwill at a future date. We did not identify any qualitative factors that would trigger a quantitative goodwill impairment test during the three months ended March 31, 2023. During the three months ended March 31, 2023 and April 1, 2022, there were no impairments to goodwill.

Amortization expense was \$52 million and \$59 million for the three months ended March 31, 2023 and April 1, 2022, respectively.

Program intangible assets are amortized over their respective estimated useful lives in proportion to the pattern of economic benefit based on expected future discounted cash flows. Backlog and finite-lived trade name intangible assets are amortized on a straight-line basis over their estimated useful lives. Customer relationships and software and technology intangible assets are amortized either on a straight-line basis over their estimated useful lives or over their respective estimated useful lives in proportion to the pattern of economic benefit based on expected future discounted cash flows, as deemed appropriate.

Note 4—Fair Value Measurements

The accounting standard for fair value measurements establishes a three-level fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows: observable inputs such as quoted prices in active markets (Level 1); inputs other than quoted prices in active markets that are observable, either directly or indirectly, or quoted prices that are not active (Level 2); and unobservable inputs in which there is little or no market data (e.g., discounted cash flow and other similar pricing models), which requires us to develop our own assumptions about the assumptions that market participants would use in pricing the asset or liability (Level 3).

The financial instruments measured at fair value on a recurring basis primarily consisted of the following:

	March 31, 2023		December 30, 2022	
	Carrying value	Fair value	Carrying value	Fair value
	(in millions)			
Financial assets:				
Derivatives	\$ 14	\$ 14	\$ 20	\$ 20

As of March 31, 2023, our derivatives primarily consisted of the cash flow interest rate swaps on \$1.0 billion of the variable rate senior unsecured term loan (see "Note 5—Derivative Instruments"). The fair value of the cash flow interest rate swaps is determined based on observed values for underlying interest rates on the LIBOR yield curve (Level 2 inputs).

The carrying amounts of our financial instruments, other than derivatives, which include cash equivalents, accounts receivable, accounts payable and accrued expenses, are reasonable estimates of their related fair values.

As of March 31, 2023, and December 30, 2022, the fair value of debt was \$4.8 billion and \$4.6 billion, respectively, and the carrying amount was \$5.0 billion and \$4.9 billion, respectively (see "Note 6—Debt"). The fair value of long-term debt is determined based on current interest rates available for debt with terms and maturities similar to our existing debt arrangements (Level 2 inputs).

On October 30, 2022, non-financial instruments measured at fair value on a non-recurring basis were recorded in connection with the completed acquisitions of Cobham Special Mission. The fair values of the assets acquired and liabilities assumed were determined using Level 3 inputs. As of March 31, 2023, we did not have any assets or liabilities measured at fair value on a non-recurring basis.

LEIDOS HOLDINGS, INC.

Note 5—Derivative Instruments

We manage our risk to changes in interest rates through the use of derivative instruments. We do not hold derivative instruments for trading or speculative purposes. For variable rate borrowings, we use fixed interest rate swaps, effectively converting a portion of the variable interest rate payments to fixed interest rate payments. These swaps are designated as cash flow hedges.

The fair value of the interest rate swaps was as follows:

Balance sheet line item	Asset derivatives	
	March 31, 2023	December 30, 2022
	(in millions)	
Cash flow interest rate swaps	\$ 14	\$ 20
Other long-term assets		

The cash flows associated with the interest rate swaps are classified as operating activities in the condensed consolidated statements of cash flows.

Cash Flow Hedges

We have interest rate swap agreements to hedge the cash flows of \$1.0 billion of the variable rate senior unsecured term loan (the "Variable Rate Loan"). These interest rate swap agreements have a maturity date of August 2025 and a fixed interest rate of 3.00%. The objective of these instruments is to reduce variability in the forecasted interest payments of the Variable Rate Loan. Under the terms of the interest rate swap agreements, we will receive monthly variable interest payments based on the one-month LIBOR rate and will pay interest at a fixed rate.

The interest rate swap transactions were accounted for as cash flow hedges. The gain/loss on the swaps is reported as a component of other comprehensive income (loss) and is reclassified into earnings when the interest payments on the underlying hedged items impact earnings. A qualitative assessment of hedge effectiveness is performed on a quarterly basis, unless facts and circumstances indicate the hedge may no longer be highly effective.

The effect of the cash flow hedges on other comprehensive income (loss) and earnings for the periods presented was as follows:

	Three Months Ended	
	March 31, 2023	April 1, 2022
	(in millions)

Amount recognized in other comprehensive income (loss)	\$ (2)	\$ 32

We expect to reclassify net gains of \$12 million from accumulated other comprehensive loss into earnings during the next 12 months.

Term Loans and Revolving Credit Facility

On March 10, 2023 (the “Closing Date”), we entered into a Credit Agreement (the “Credit Agreement”) with certain financial institutions, which provided for a senior unsecured term loan facility in an aggregate principal amount of \$1.0 billion (the “Term Loan Facility”) and a \$1.0 billion senior unsecured revolving facility (the “Revolving Facility” and, together with the Term Loan Facility, the “Credit Facilities”). The Credit Facilities will mature in March 2028. The Revolving Facility permits two additional one-year extensions subject to lender consent. As of March 31, 2023, there were no borrowings outstanding under the Revolving Facility.

The proceeds of the Term Loan Facility and cash on hand on the Closing Date were used to repay in full all indebtedness, terminate all commitments and discharge all guarantees existing in connection with the credit agreement related to the \$1.9 billion senior unsecured term loan facility and \$750 million senior unsecured revolving facility.

LEIDOS HOLDINGS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Borrowings under the Credit Agreement bear interest at a rate determined, at our option, based on either an alternate base rate or a Term SOFR rate with a 0.10% per annum Term SOFR adjustment, plus, in each case, an applicable margin that varies depending on our credit rating. The applicable margin range for Term SOFR-denominated borrowings is from 1.00% to 1.50%. Based on our current ratings, the applicable margin for Term SOFR-denominated borrowings is 1.25%. Principal payments are made quarterly on the Term Loan Facility beginning in March 2025, with the majority of the principal due at maturity. Interest on the Term Loan Facility for Term SOFR-denominated borrowings is payable on a periodic basis, which must be at least quarterly.

The financial covenants in the Credit Agreement require that we maintain, as of the last day of each fiscal quarter, a ratio of adjusted consolidated total debt to consolidated EBITDA of not more than 3.75 to 1.00, subject to two increases to 4.50 to 1.00 for four fiscal quarters following a material acquisition, and a ratio of EBITDA to consolidated interest expense of not less than 3.50 to 1.00.

On May 6, 2022, we entered into a 364-day term loan credit agreement ("Term Loan Agreement") with certain financial institutions, which provided for a senior unsecured term loan facility in an aggregate principal amount of \$380 million. The proceeds of the Term Loan Agreement were used to repay the \$380 million senior unsecured term loan entered into on May 7, 2021.

Borrowings under the Term Loan Agreement bear interest at a rate based on SOFR plus 1.10%, or an alternate base rate at our option.

The financial covenants in the Term Loan Agreement require that we maintain, as of the last day of each fiscal quarter, a ratio of adjusted consolidated total debt to consolidated EBITDA of not more than 3.75 to 1.00, subject to increases to 4.50 to 1.00 following a material acquisition, and a ratio of EBITDA to consolidated interest expense of not less than 3.50 to 1.00.

Senior Notes

On February 28, 2023, we issued and sold \$750 million aggregate principal amount of fixed-rate senior notes (the "Notes") maturing in March 2033. The Notes are senior unsecured obligations issued by Leidos, Inc. and guaranteed by Leidos Holdings, Inc. The annual interest rate for the Notes is 5.75% and is payable on a semi-annual basis. In connection with the issuance of the Notes, \$11 million of debt issuance costs and discount were recognized, which were recorded as an offset against the carrying value of debt. The proceeds from the Notes were used to repay all of the outstanding obligations in respect of principal, interest and fees on the \$500 million 2.95% notes, due May 2023, the majority of which were retired on February 28, 2023. The remaining proceeds from the Notes were used to repay \$210 million of the outstanding balance on the \$1.9 billion senior unsecured term loan facility, due January 2025, and fund general corporate purposes.

Commercial Paper

We have a commercial paper program in which the Company may issue short-term unsecured commercial paper notes ("Commercial Paper Notes") not to exceed \$750 million. The proceeds will be used for general corporate purposes, including working capital, capital expenditures, acquisitions and share repurchases.

The Commercial Paper Notes are issued in minimum denominations of \$0.25 million and have maturities of up to 397 days from the date of issuance. The Commercial Paper Notes either bear a stated or floating interest rate, if interest bearing, or will be sold at a discount from the face amount. As of March 31, 2023, we had no Commercial Paper Notes outstanding.

The Credit Facilities, the Term Loan Agreement, Commercial Paper Notes, senior unsecured term loans and notes are fully and unconditionally guaranteed and contain certain customary restrictive covenants, including among other things, restrictions on our ability to create liens and enter into sale and leaseback transactions under certain circumstances. We were in compliance with all covenants as of March 31, 2023.

Finance Leases

In fiscal 2022, the Company entered into a Master Lease Agreement whereby we agreed to lease two aircraft from the time each aircraft is accepted through June 30, 2027. In March 2023, we took possession of both aircraft at which time we recognized a \$64 million finance lease obligation and a corresponding property, plant and equipment asset.

The total outstanding stock options and vesting stock awards that were anti-dilutive were 1 million for both of the three months ended March 31, 2023, and April 1, 2022.

During the three months ended March 31, 2023, we made open market repurchases of our common stock for an aggregate purchase price of \$25 million. All shares repurchased were immediately retired.

LEIDOS HOLDINGS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Note 9—Income Taxes

For the three months ended March 31, 2023, the effective tax rate was 20.8% compared to 20.3% for the three months ended April 1, 2022. The increase to the effective tax rate was primarily due to a decrease in excess tax benefits related to employee stock-based payment transactions, partially offset by a decrease in unrecognized tax benefits and taxes related to foreign operations.

Beginning in 2022, the Tax Cuts and Jobs Act of 2017 ("TCJA") eliminated the option to currently deduct certain research and development costs for tax purposes and requires taxpayers to capitalize and amortize research costs over five years. Based upon our interpretation of the law as currently enacted, we estimate that the fiscal 2023 impact will result in increases of \$112 million to both our income taxes payable and net deferred tax assets.

We also estimate an increase to our unrecognized tax benefits of \$75 million with a corresponding increase to net deferred tax assets. The actual impact will depend on the amount of research and development costs the Company will incur, whether Congress modifies or repeals this provision and whether new guidance and interpretive rules are issued by the U.S. Treasury, among other factors.

For the three months ended March 31, 2023, unrecognized tax benefits increased \$16 million with a corresponding increase to net deferred tax assets as a result of uncertain tax positions arising from capitalizing research and development costs.

Note 10—Business Segments

Our operations and reportable segments are organized around the customers and markets we serve. We define our reportable segments based on the way the chief operating decision maker ("CODM"), currently our Chairman and Chief Executive Officer, manages operations for the purposes of allocating resources and assessing performance.

The segment information for the periods presented was as follows:

	Three Months Ended	
	March 31, 2023	April 1, 2022
	(in millions)	
Revenues:		
Defense Solutions	\$ 2,112	\$ 2,049

Civil	40	43
Health	107	118
Corporate	(29)	(23)
Total operating income	\$ 265	\$ 271

The income statement performance measures used to evaluate segment performance are revenues and operating income. As a result, "Interest expense, net," "Other expense, net" and "Income tax expense" as reported in the condensed consolidated statements of income are not allocated to our segments. Under U.S. Government Cost Accounting Standards, indirect costs including depreciation expense are collected in indirect cost pools, which are then collectively allocated to the reportable segments based on a representative causal or beneficial relationship of the costs in the pool to the costs in the base. As such, depreciation expense is not separately disclosed on the condensed consolidated statements of income.

Asset information by segment is not a key measure of performance used by the CODM.

Note 11—Commitments and Contingencies

Contingencies

VirnetX, Inc. ("VirnetX")

On April 10, 2018, a jury trial concluded in an additional patent infringement case brought by VirnetX against Apple, referred to as the Apple II case, in which the jury returned a verdict against Apple for infringement and awarded VirnetX damages in the amount of over \$502 million. On April 11, 2018, in a second phase of the Apple II trial, the jury found Apple's infringement to be willful. On August 30, 2018, the federal trial court in the Eastern District of Texas entered a final judgment and rulings on post-trial motions in the Apple II case. The court affirmed the jury's verdict of over \$502 million and granted VirnetX's motions for supplemental damages, a sunset royalty and royalty rate of \$1.20 per infringing device, along with pre-judgment and post-judgment interest and costs. The court denied VirnetX's motions for enhanced damages, attorneys' fees and an injunction. The court also denied Apple's motions for judgment as a matter of law and for a new trial. An additional sum of over \$93 million for costs and pre-judgment interest was subsequently agreed upon pursuant to a court order, bringing the total award to VirnetX in the Apple II case to over \$595 million. Apple filed an appeal of the judgment in the Apple II case with the U.S. Court of Appeals for the Federal Circuit, and on November 22, 2019, the Federal Circuit affirmed in part, reversed in part and remanded the Apple II case back to the District Court. The Federal Circuit affirmed that Apple infringed two of the patents at issue in the case, and ruled that Apple is precluded from making certain patent invalidity arguments. However, the Federal Circuit reversed the judgment that Apple infringed two other patents at issue, vacated the prior damages awarded in the Apple II case, and remanded the Apple II case back to the District Court for further proceedings regarding damages. On April 23, 2020, the District Court ordered a new trial on damages in the Apple II case, which was delayed by the coronavirus pandemic and started on October 26, 2020. On October 30, 2020, the jury awarded VirnetX \$503 million in damages and specified a royalty rate of \$0.84 per infringing device. In January 2021, the District Court entered final judgment affirming the jury award and the parties separately agreed on additional costs and interest of over \$75 million, subject to Apple's appeal. On February 4, 2021, Apple filed a notice of appeal with the U.S. Court of Appeals for the Federal Circuit in the Apple II case.

Under our agreements with VirnetX, Leidos would receive 25% of the proceeds obtained by VirnetX after reduction for attorneys' fees and costs. However, the verdict in the Apple II case remains subject to the ongoing and potential future proceedings and appeals. In addition, the patents at issue in these cases are subject to U.S. Patent and Trademark Office ("USPTO") post-grant inter partes review and/or reexamination proceedings and related appeals, which may result in all or part of these patents being invalidated or the claims of the patents being limited. On March 30, 2023, the U.S. Court of Appeals for the Federal Circuit issued a ruling affirming prior decisions of the USPTO's Patent Trial and Appeal Board finding certain claims of the patents at issue in the Apple II case to be unpatentable. On March 31, 2023, the Federal Circuit issued a decision vacating the District Court's judgment in the Apple II case and remanding it back to the District Court with instructions to dismiss the case as moot. These Federal Circuit decisions remain subject to potential motions and/or appeals by VirnetX, including potentially seeking rehearing or certiorari review.

Thus, no assurances can be given when or if we will receive any proceeds in connection with the Apple II case. In addition, if Leidos receives any proceeds, we are required to pay a royalty to the customer who paid for the development of the technology.

Government Investigations and Reviews

We are routinely subject to investigations and reviews relating to compliance with various laws and regulations with respect to our role as a contractor to federal, state and local government customers and in connection with performing services in countries outside of the United States. Adverse findings could have a material effect on our business, financial position, results of operations and cash flows due to our reliance on government contracts.

Defense Contract Audit Agency

As of March 31, 2023, active indirect cost audits by the Defense Contract Audit Agency remain open for fiscal 2021 and subsequent fiscal years. Although we have recorded contract revenues based upon an estimate of costs that we believe will be approved upon final audit or review, we cannot predict the outcome of any ongoing or future audits or reviews and adjustments, and if future adjustments exceed estimates, our profitability may be adversely affected. As of March 31, 2023, we believe we have adequately reserved for potential adjustments from audits or reviews of contract costs.

LEIDOS HOLDINGS, INC.

Other Government Investigations and Reviews

Through its internal processes, the Company discovered, in late 2021, activities by its employees, third party representatives and subcontractors, raising concerns related to a portion of our business that conducts international operations. The Company is conducting an internal investigation, overseen by an independent committee of the Board of Directors, with the assistance of external legal counsel, to determine whether the identified conduct may have violated the Company's Code of Conduct and potentially applicable laws, including the U.S. Foreign Corrupt Practices Act ("FCPA"). The Company has voluntarily self-reported this investigation to the Department of Justice and the Securities and Exchange Commission and is cooperating with both agencies. Because the investigation is ongoing, the Company cannot anticipate the timing, outcome or possible impact of the investigation, although violations of the FCPA and other applicable laws may result in criminal and civil sanctions, including monetary penalties, and reputational damage. In September 2022, the Company received a Federal Grand Jury Subpoena related to the criminal investigation by the U.S. Attorney's Office for the Southern District of California, in conjunction with the U.S. Department of Justice's Fraud Division. The subpoena requests documents relating to the conduct that is the subject of the Company's internal investigation. The Company has responded to the subpoena. In February 2023, a former employee of the Company who was terminated at the outset of the investigation was indicted on wire fraud and other charges by a Federal Grand Jury in the U.S. District Court in the Southern District of California.

In August 2022, the Company received a Federal Grand Jury Subpoena in connection with a criminal investigation being conducted by the U.S. Department of Justice Antitrust Division. The subpoena requests that the Company produce a broad range of documents related to three U.S. Government procurements associated with the Company's Intelligence Group in 2021 and 2022. We intend to fully cooperate with the investigation, and we are conducting our own internal investigation with the assistance of outside counsel. It is not possible at this time to determine whether we will incur, or to reasonably estimate the amount of, any fines, penalties, or further liabilities in connection with the investigation pursuant to which the subpoena was issued.

Commitments

As of March 31, 2023, we have outstanding letters of credit of \$65 million, principally related to performance guarantees on contracts and outstanding surety bonds with a notional amount of \$101 million, principally related to performance and subcontractor payment bonds on contracts. The value of the surety bonds may vary due to changes in the underlying project status and/or contractual modifications.

As of March 31, 2023, the future expirations of the outstanding letters of credit and surety bonds were as follows:

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

The following discussion and analysis of Leidos Holdings, Inc.'s ("Leidos") financial condition, results of operations, and quantitative and qualitative discussion about business environment and trends should be read in conjunction with Leidos' condensed consolidated financial statements and related notes.

The following discussion contains forward-looking statements, including statements regarding our intent, belief or current expectations with respect to, among other things, trends affecting our financial condition or results of operations, backlog, our industry, the impact of our merger and acquisition activity, government budgets and spending, our business contingency plans, interest rates and uncertainties in tax due to new tax legislation or other regulatory developments. In some cases, forward-looking statements can be identified by words such as "will," "expect," "estimate," "plan," "potential," "continue" or similar expressions. Such statements are not guarantees of future performance and involve risks and uncertainties, including uncertainties relating to the coronavirus pandemic ("COVID-19") and the actions taken by authorities and us to respond, and actual results may differ materially from those in the forward-looking statements as a result of various factors. Some of these factors include, but are not limited to, the risk factors set forth in our Annual Report on Form 10-K, as updated by the risk factor in this report under Part II, Item 1A. "Risk Factors" and as may be further updated in subsequent filings with the U.S. Securities and Exchange Commission. Due to such uncertainties and risks, you are cautioned not to place undue reliance on such forward-looking statements, which speak only as of the date hereof. We do not undertake any obligation to update these factors or to publicly announce the results of any changes to our forward-looking statements due to future events or developments.

Unless indicated otherwise, references in this report to "we," "us" and "our" refer collectively to Leidos and its consolidated subsidiaries.

Overview

We are a FORTUNE 500[®] technology, engineering, and science company that provides services and solutions in the defense, intelligence, civil and health markets, both domestically and internationally. We bring domain-specific capability and cross-market innovations to customers in each of these markets by leveraging five technical core competencies: digital modernization, cyber operations, mission software systems, integrated systems and mission operations. Our customers include the U.S. Department of Defense ("DoD"), the U.S. Intelligence Community, the U.S. Department of Homeland Security, the Federal Aviation Administration, the Department of Veterans Affairs and many other U.S. civilian, state and local government agencies, foreign government agencies and commercial businesses. We operate in three reportable segments: Defense Solutions, Civil and Health. Additionally, we separately present the unallocable costs associated with corporate functions as Corporate.

Business Environment and Trends*U.S. Government Markets*

During both of the three months ended March 31, 2023 and April 1, 2022, we generated approximately 87% of total revenues from contracts with the U.S. government. Accordingly, our business performance is affected by the overall level of U.S. government spending, especially on national security, homeland security and intelligence, and the alignment of our service and product offerings and capabilities with current and future budget priorities of the U.S. government.

President Biden released the annual President's budget request for GFY 2024 on March 9, 2023. The President's \$6.9 trillion budget request includes \$886.4 billion in defense spending and \$809.1 billion in non-defense spending. The appropriations subcommittees in both chambers of Congress began holding budget hearings on the President's Budget Request after its release. In addition to working on the GFY 2024 appropriations bills, the Congress is also working towards an agreement to raise or suspend the debt limit to prevent the U.S. from defaulting on its debt.

International Markets

Sales to customers in international markets represented approximately 8% of total revenues for both the three months ended March 31, 2023, and April 1, 2022. Our international customers include foreign governments and their agencies. Our international business increases our exposure to international markets and the associated international regulatory and geopolitical risks.

Changes in international trade policies, including higher tariffs on imported goods and materials, may increase our procurement costs of certain IT hardware used both on our contracts and for internal use. However, we expect to recover certain portions of these higher tariffs through our cost-plus contracts. While we evaluate the impact of higher tariffs, currently, we do not expect tariffs to have a significant impact to our business.

Net income	\$ 164	\$ 177	\$ (13)	(7.3)%
Net income attributable to Leidos common stockholders	\$ 162	\$ 175	\$ (13)	(7.4)%
<i>Operating margin</i>	7.2 %	7.8 %		

Segment and Corporate Results

Defense Solutions	Three Months Ended			
	March 31, 2023	April 1, 2022	Dollar change	Percent change
	(dollars in millions)			
Revenues	\$ 2,112	\$ 2,049	\$ 63	3.1 %
Operating income	147	133	14	10.5 %
<i>Operating margin</i>	7.0 %	6.5 %		

The increase in revenues for the three months ended March 31, 2023, as compared to the three months ended April 1, 2022, was primarily attributable to program wins, a net increase in volumes on certain programs and a \$30 million increase in revenues related to our Cobham Special Mission acquisition made in the last quarter of fiscal 2022. The increase was partially offset by the completion of certain contracts and \$22 million related to unfavorable exchange rate movements.

The increase in operating income for the three months ended March 31, 2023, as compared to the three months ended April 1, 2022, was primarily attributable to program wins and operating income related to our Cobham Special Mission acquisition made in the last quarter of fiscal 2022. The increase was partially offset by the completion of certain contracts.

Civil	Three Months Ended			
	March 31, 2023	April 1, 2022	Dollar change	Percent change
	(dollars in millions)			
Revenues	\$ 877	\$ 795	\$ 82	10.3 %
Operating income	40	43	(3)	(7.0)%
<i>Operating margin</i>	4.6 %	5.4 %		

The increase in revenues for the three months ended March 31, 2023, as compared to the three months ended April 1, 2022, was primarily attributable to program wins and a net increase in program volumes.

The decrease in operating income for the three months ended March 31, 2023, as compared to the three months ended April 1, 2022, was primarily driven by reduced volume on higher margin contracts, temporary supply chain disruptions and investment in research and development in our security products business.

LEIDOS HOLDINGS, INC.

Health	Three Months Ended			
	March 31, 2023	April 1, 2022	Dollar change	Percent change
	(dollars in millions)			
Revenues	\$ 710	\$ 650	\$ 60	9.2 %
Operating income	107	118	(11)	(9.3)%
<i>Operating margin</i>	15.1 %	18.2 %		

The increase in revenues for the three months ended March 31, 2023, as compared to the three months ended April 1, 2022, was primarily attributable to program wins, a net increase in volumes on certain programs, partially offset by completion of certain contracts.

The decrease in operating income for the three months ended March 31, 2023, as compared to the three months ended April 1, 2022, was primarily attributable to increased labor resulting from the ramp-up on new programs and certain disability examinations. The decrease was also attributable to non-recurring net profit write-ups on certain programs during the first quarter of fiscal 2022, partially offset with program wins.

Corporate	Three Months Ended			
	March 31, 2023	April 1, 2022	Dollar change	Percent change
	(dollars in millions)			
Operating loss	\$ (29)	\$ (23)	\$ (6)	26.1 %

The increase in operating loss for the three months ended March 31, 2023, as compared to the three months ended April 1, 2022, was primarily attributable to increased administrative costs and transaction fees in connection with the issuance of the senior unsecured notes and Credit Agreement entered into during the first quarter of fiscal 2023, see "Note 6—Debt" for further information.

Non-Operating Expense, net

Non-operating expense, net for the three months ended March 31, 2023, was \$58 million as compared to \$49 million for the three months ended April 1, 2022. The increase was primarily due to higher net interest expense driven by increased interest rates and refinancing activities, and unfavorable exchange rate movements.

Provision for Income Taxes

For the three months ended March 31, 2023, our effective tax rate was 20.8% compared to 20.3% for the three months ended April 1, 2022. The increase to the effective tax rate was primarily due to a decrease in excess tax benefits related to employee stock-based payment transactions, partially offset by a decrease in unrecognized tax benefits and taxes related to foreign operations.

Beginning in 2022, the Tax Cuts and Jobs Act of 2017 ("TCJA") eliminated the option to currently deduct certain research and development costs for tax purposes and requires taxpayers to capitalize and amortize research costs over five years. Based upon our interpretation of the law as currently enacted, we estimate that the fiscal 2023 impact will result in increases of \$112 million to both our income taxes payable and net deferred tax assets. We also estimate an increase to our unrecognized tax benefits of \$75 million with a corresponding increase to net deferred tax assets. The actual impact will depend on the amount of research and development costs the Company will incur, whether Congress modifies or repeals this provision and whether new guidance and interpretive rules are issued by the U.S. Treasury, among other factors.

Bookings and Backlog

We recorded net bookings worth an estimated \$3.0 billion during the three months ended March 31, 2023, as compared to \$5.4 billion for the three months ended April 1, 2022.

The estimated value of our total backlog was as follows:

Segment	March 31, 2023			April 1, 2022		
	Funded	Unfunded	Total	Funded	Unfunded	Total
	(in millions)					
Defense Solutions	\$ 4,811	\$ 13,936	\$ 18,747	\$ 3,919	\$ 15,068	\$ 18,987
Civil	1,944	8,330	10,274	1,812	9,516	11,328
Health	1,548	4,517	6,065	1,360	4,670	6,030
Total	\$ 8,303	\$ 26,783	\$ 35,086	\$ 7,091	\$ 29,254	\$ 36,345

Total backlog as of March 31, 2023, as compared to April 1, 2022, includes \$610 million of backlog acquired through a business combination in our Defense Solutions reportable segment.

Backlog represents the estimated amount of future revenues to be recognized under negotiated contracts, both funded and unfunded. Backlog does not include unexercised option periods and future potential task orders expected to be awarded under indefinite delivery/indefinite quantity ("IDIQ") contracts, General Services Administration Schedule or other master agreement contract vehicles, with the exception of certain IDIQ contracts where task orders are not competitively awarded and separately priced but instead are used as a funding mechanism, and where there is a basis for estimating future revenues and funding on future anticipated task orders. Total backlog at March 31, 2023, included a positive impact of \$30 million when compared to total backlog at April 1, 2022, primarily due to the exchange rate movements in the British pound and Australian dollar when compared to the U.S. dollar. Backlog estimates are subject to change and may be affected by factors including modifications of contracts and foreign currency movements.

Liquidity and Capital Resources**Overview**

As of March 31, 2023, we had \$379 million in cash and cash equivalents. In March 2023, we entered into a senior unsecured revolving credit facility which can provide up to \$1 billion in additional borrowing, if required. This new credit facility replaced the previous senior unsecured revolving credit facility. As of March 31, 2023, there were no borrowings outstanding under the revolving credit facility.

We had outstanding debt of \$5.0 billion and \$4.9 billion at March 31, 2023, and December 30, 2022, respectively. In February 2023, we entered into \$750 million 5.75% fixed-rate senior notes. The annual interest rate is payable on a semi-annual basis. In March 2023, we entered into a Credit Agreement with certain financial institutions, which provided for a senior unsecured term loan facility in an aggregate principal amount of \$1.0 billion (the "Term Loan Facility"). The proceeds of the Term Loan Facility and cash on hand were used to repay in full all indebtedness, terminate all commitments and discharge all existing guarantees related to the \$1.9 billion senior unsecured term loan facility and \$750 million senior unsecured revolving facility, due January 2025.

As of March 31, 2023, borrowings under our Credit Agreement were based on a Term Secured Overnight Financing Rate ("SOFR") with a 0.10% Term SOFR adjustment and an applicable margin range from 1.00% to 1.50%. Borrowings under our terminated \$1.9 billion senior unsecured term loan facility had an applicable London Interbank Offered Rate ("LIBOR")-denominated margin range from 1.13% to 1.75%. At March 31, 2023, the applicable margin for SOFR-denominated borrowings was 1.25% based on our recent upgrade by Moody's credit rating, as compared to our LIBOR-denominated borrowings which had a 1.38% applicable margin at December 30, 2022.

We have a commercial paper program in which we may issue short-term unsecured commercial paper notes not to exceed \$750 million and have maturities of up to 397 days from the date of issuance. As of March 31, 2023, we did not have any commercial paper notes outstanding.

We made principal payments on our debt of \$1,711 million and \$27 million during the three months ended March 31, 2023, and April 1, 2022, respectively. Current quarter's activities include a \$1,210 million payment to discharge the existing Term Loan Facility and a \$498 million payment to discharge the \$500 million 2.95% notes, due May 2023, as compared to \$24 million required principal payments on our Term Loan Facility in the prior year quarter. Our credit facilities, term loan agreement, commercial paper notes, senior unsecured term loans and notes outstanding as of March 31, 2023, contain financial covenants and customary restrictive covenants. We were in compliance with all covenants as of March 31, 2023.

On July 27, 2017, the U.K.'s Financial Conduct Authority announced that LIBOR would be discontinued or become unavailable as a reference rate by the end of 2021 and LIBOR will be fully discontinued or become unavailable as a benchmark rate by June 2023. In December 2022, the FASB issued guidance which provides relief for entities with such LIBOR denominated credit instruments so that entities may continue to account for contract modifications as a continuation of the existing contract and the continuation of the hedge accounting arrangement through December 31, 2024. The interest rate swap agreements, which currently reference LIBOR, are expected to be modified to reference SOFR during fiscal 2023. We paid dividends of \$50 million and \$51 million during the three months ended March 31, 2023, and April 1, 2022, respectively.

Stock repurchases of Leidos common stock may be made on the open market or in privately negotiated transactions with third parties including through accelerated share repurchase agreements. Whether repurchases are made and the timing and actual number of shares repurchased depends on a variety of factors including price, corporate capital requirements, other market conditions and regulatory requirements. The repurchase program may be accelerated, suspended, delayed or discontinued at any time.

During the three months ended March 31, 2023, we made open market repurchases of our common stock for an aggregate purchase price of \$25 million.

Beginning in 2022, a provision in the TCJA which eliminated the option to currently deduct research and development costs for tax purposes and requires taxpayers to capitalize and amortize the costs over five years became effective. We anticipate our tax cash payments to increase by \$300 million in 2023, primarily to cover both the 2022 and 2023 tax obligations related to this provision. The actual impact will depend on the amount of research and development costs the Company incurs, whether Congress modifies or repeals this provision and whether new guidance and interpretive rules are issued by the U.S. Treasury, among other factors.

For the next 12 months, we anticipate that we will be able to meet our liquidity needs, including servicing our debt, through cash generated from operations, available cash balances, borrowings from our commercial paper program and, if needed, sales of accounts receivable and borrowings from our revolving credit facility.

Summary of Cash Flows

The following table summarizes cash flow information for the periods presented:

	Three Months Ended	
	March 31, 2023	April 1, 2022
	(in millions)	
Net cash (used in) provided by operating activities	\$ (98)	\$ 93
Net cash used in investing activities	(39)	(21)
Net cash used in financing activities	(57)	(519)

Net cash used in operating activities increased \$191 million during the three months ended March 31, 2023, respectively, when compared to the prior year quarter. The changes were primarily due to higher tax payments of \$127 million mainly in connection to the TCJA provision and a \$62 million payment for payroll taxes related to the CARES Act.

Net cash used in investing activities increased \$18 million for the three months ended March 31, 2023, when compared to the prior year quarter, primarily due to higher capital expenditures in the current year and proceeds received from the sale of Aviation & Missile Solutions LLC in the prior year quarter.

Net cash used in financing activities decreased \$462 million for the three months ended March 31, 2023, when compared to the prior year quarter primarily due to a net decrease of \$483 million used in stock repurchases primarily attributable to the accelerated share repurchase activities from prior year quarter, partially offset by a net decrease of \$23 million in cash inflows from proceeds received from the issuance of debt, payments for borrowings and payments for debt issuance costs.

Off-Balance Sheet Arrangements

We have outstanding performance guarantees and cross-indemnity agreements in connection with certain aspects of our business. We also have letters of credit outstanding principally related to performance guarantees on contracts and surety bonds outstanding principally related to performance and subcontractor payment bonds as described in "Note 11—Commitments and Contingencies" of the notes to the condensed consolidated financial statements contained within this Quarterly Report on Form 10-Q. These arrangements have not had, and management does not believe it is likely that they will in the future have, a material effect on our liquidity, capital expenditures or capital resources, operations or financial condition.

Contractual Obligations and Commitments

We are subject to a number of reviews, investigations, claims, lawsuits, other uncertainties and future obligations related to our business. For a discussion of these items, see "Note 11–Commitments and Contingencies" of the notes to the condensed consolidated financial statements contained within this Quarterly Report on Form 10-Q.

Critical Accounting Policies

There were no material changes to our critical accounting policies, estimates or judgments during the period covered by this report from those discussed in our Annual Report on Form 10-K for the year ended December 30, 2022.

Recently Adopted and Issued Accounting Standards

For a discussion of these items, see "Note 1–Basis of Presentation and Summary of Significant Accounting Policies" of the notes to the condensed consolidated financial statements contained within this Quarterly Report on Form 10-Q.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

There were no material changes in our market risk exposure from those discussed in our Annual Report on Form 10-K for the year ended December 30, 2022.

Item 4. Controls and Procedures.**Evaluation of Disclosure Controls and Procedures**

Our management, with the participation of our principal executive officer (our Chairman and Chief Executive Officer) and principal financial officer (our Executive Vice President and Chief Financial Officer), has evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) or 15d-15(e) under the Securities Exchange Act of 1934) as of March 31, 2023. Based upon that evaluation, our principal executive officer and principal financial officer have concluded that our disclosure controls and procedures are effective to ensure that information required to be disclosed by us in the reports that we file or submit under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the U.S. Securities and Exchange Commission. These disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Securities Exchange Act of 1934 is accumulated and communicated to our management, including our principal executive officer and our principal financial officer, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control Over Financial Reporting

On October 30, 2022, we completed the acquisition of Cobham Special Mission. In conducting our evaluation of the effectiveness of our internal control over financial reporting, we excluded Cobham Special Mission from our evaluation for the first quarter of fiscal 2023. We are in the process of integrating Cobham Special Mission into our system of internal control over financial reporting.

Other than the foregoing, there have been no changes in our internal control over financial reporting that occurred in the quarterly period covered by this report that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II—OTHER INFORMATION

(c) Purchases of Equity Securities by the Issuer

In February 2022, our Board of Directors authorized a share repurchase program of up to 20 million shares of our outstanding common stock. The shares may be repurchased from time to time in one or more open market repurchases or privately negotiated transactions, including accelerated share repurchase transactions. The actual timing, number and value of shares repurchased under the program will depend on a number of factors, including the market price of our common stock, general market and economic conditions, applicable legal requirements, compliance with the terms of our outstanding indebtedness and other considerations. There is no assurance as to the number of shares that will be repurchased, and the repurchase program may be suspended or discontinued at any time at our Board of Directors' discretion. This share repurchase authorization replaces the previous share repurchase authorization announced in February 2018.

LEIDOS HOLDINGS, INC.
CERTIFICATION OF CHIEF EXECUTIVE OFFICER PURSUANT TO
SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002

I, Roger A. Krone, certify that:

1. I have reviewed this quarterly report on Form 10-Q for the period ended March 31, 2023, of Leidos Holdings, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including the registrant's consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
